### P.K Photography.

PK's interest in photography began as a teenager growing up on the west coast of Victoria. It wasn't long before new places to explore and surf lured him further down the Great Ocean Road. For the past 25 years P.K has been based in Port Campbell. He has also travelled around Australia and overseas always with his camera at the ready. His camera catching views of this ancient coast and these views remain the same as viewed by the "old blackfellas" who walked

and sang up this country since the Dreaming began.

## FISHING NEWS

The experience of fishing the shipwreck coast not only includes the actual fishing but the chance to enjoy the unique spectacular formations of the area and the history of the many sailing ships that came to grief on the coast line such as the "Loch Ard" and the "Schomberg"

Bream is being caught in local estuaries including the Curdies, Gellibrand and Hopkins rivers. Salmon up to 3.5kg are being caught off Clifton and Princetown beaches with

whitebait, blue bait and surf poppers.

What you need to know ... When fishing in Port Campbell you will need a fishing license, know your catch size, limits and let someone know where you are going fishing and your expected time of return.

For all equipment, bait, licenses and fishing information including hotspots and local knowledge, see the team at Port Campbell Marine Services.

Copies of Victorian Recreational

Fishing guide available from reception

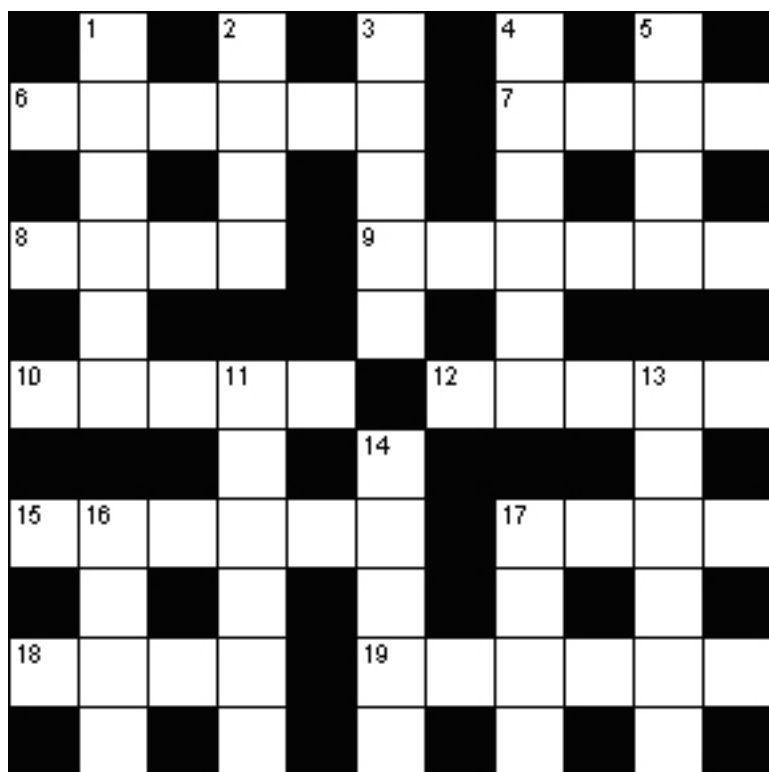

We are sellers of Bonza bait. Come and see the staff to find out where the fish are biting and what bait to use.

If you see any maintenance issues that need attention please let groundsman or reception know.

10kms is the park speed limit. Please watch for pedestrians
